*V-Code

The V-code is a security code on your card that is
being required for verification. This number is not
embossed on your card but is printed somewhere on
the card. On the American Express cards, it is four-
digit number printed on the right side of the front of
the card. On MasterCard, VISA, and Discover cards,
it is the three-digit number that trails the account
number printed on the signature panel on the back
of the card.)
